Sign in

Default credentials: **admin / gophish**

Step 3: Set Target.

1. Go to the Users & Groups
2. Set Target Email

3. Add the Target

4. Save

Step 4: Set Templates.

The screenshot shows the Gophish web interface. On the left, a sidebar menu has 'Email Templates' highlighted with a red arrow labeled '1'. The main area is titled 'Email Templates' and contains a '+ New Template' button. Below this is a table with one entry named 'test'. A red arrow labeled '2' points to the 'Name' input field, which contains 'test'. A red arrow labeled '3' points to the 'Import Email' button. A red arrow labeled '4' points to the 'Envelope Sender' input field, which contains 'facebook-syd48142@gmail.com'. A red arrow labeled '5' points to the 'Subject' input field, which contains 'حسابك على فيسبوك'. Below the subject field is a text area for the email body content, containing HTML code. A red arrow labeled '6' points to the 'Save Template' button at the bottom right. The interface also includes a search bar, a 'Show 10 entries' dropdown, and a 'Previous/Next' navigation bar.

1. Go to Email Templates

2. Set the name

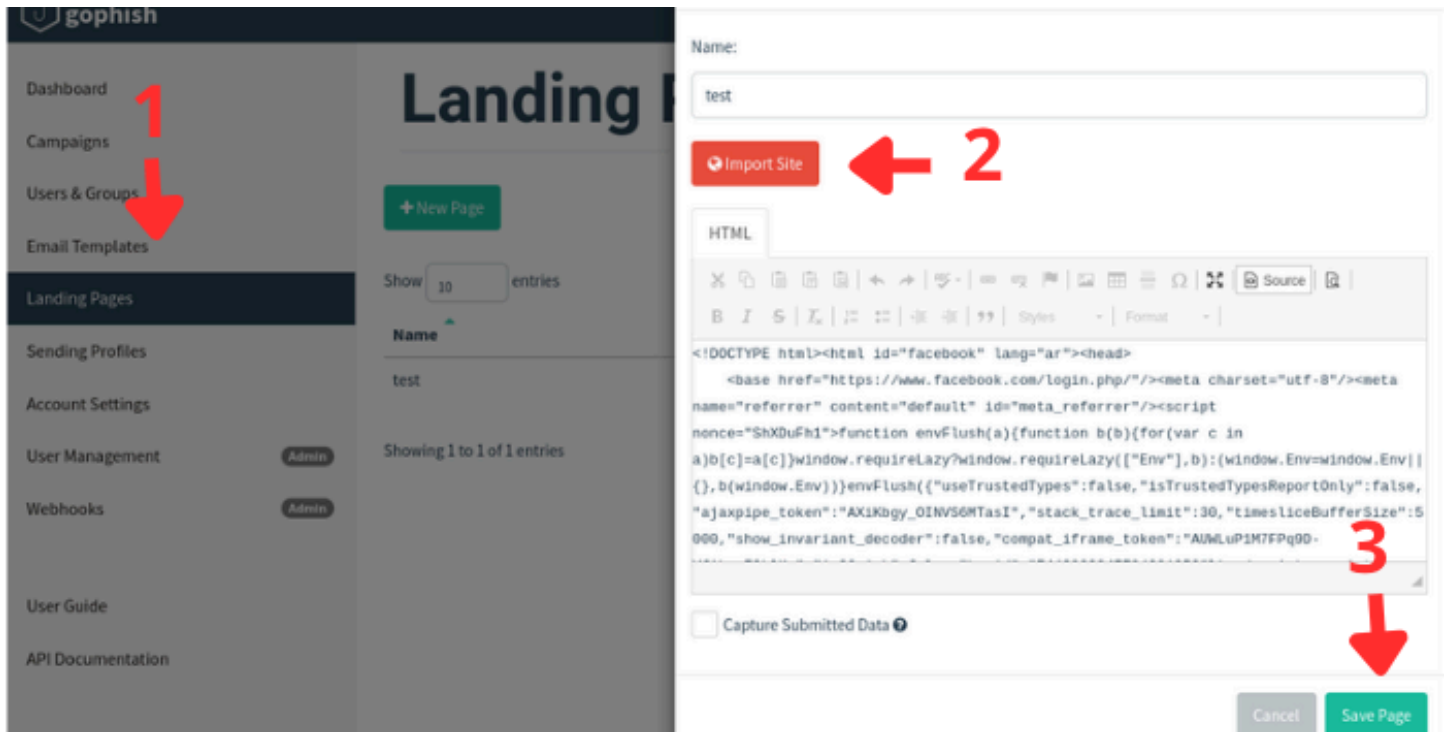

3. Import Email

4. Set the Sender

5. But the Subject & Put the Email Templates

6. Save

Step 4: Set landing page.

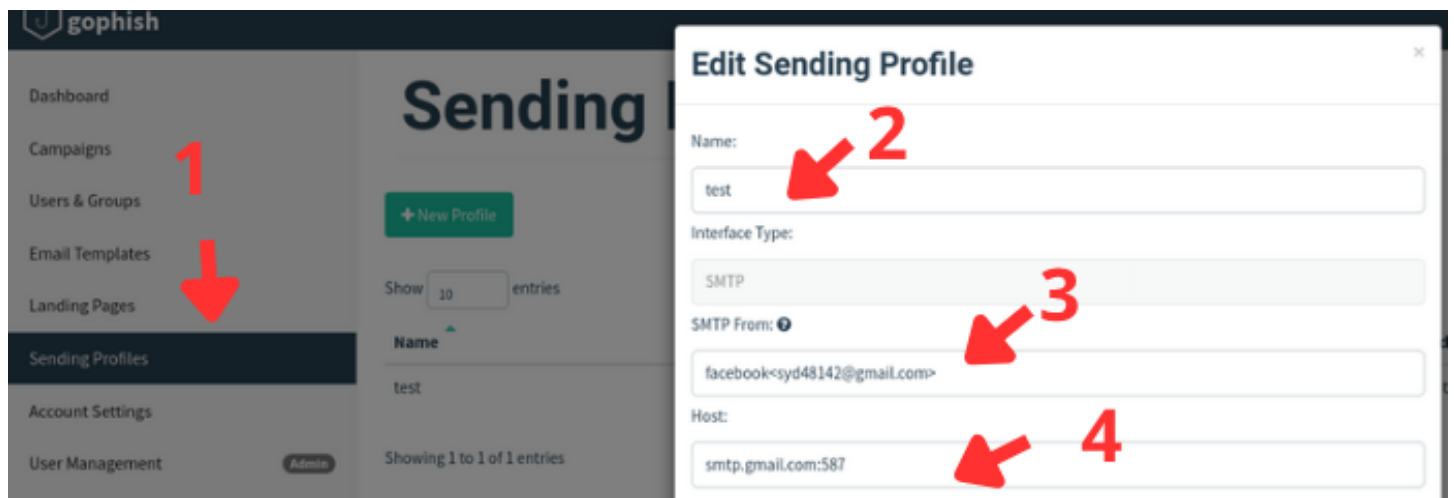

1. Go to landing pages

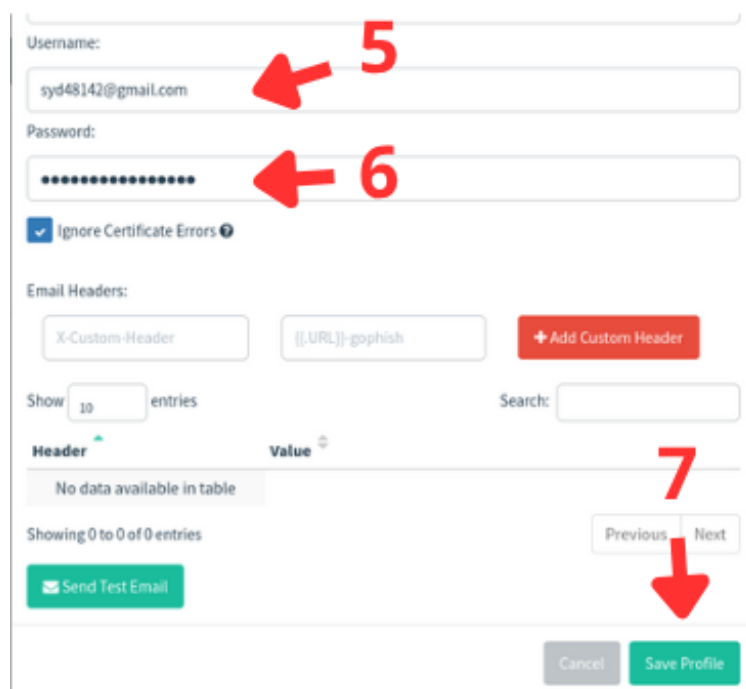

2. Import the site that you want to appear to the target after clicking the link

3. Save

Step 4: Set the sender info.

1. Go to the sending profiles
2. Set the name
3. Set the SMTP email
4. Set the SMTP host

5. Set the Username of The SMTP server
6. Set the Password of the SMTP server
7. Save

Step 5: Set the Campaign.

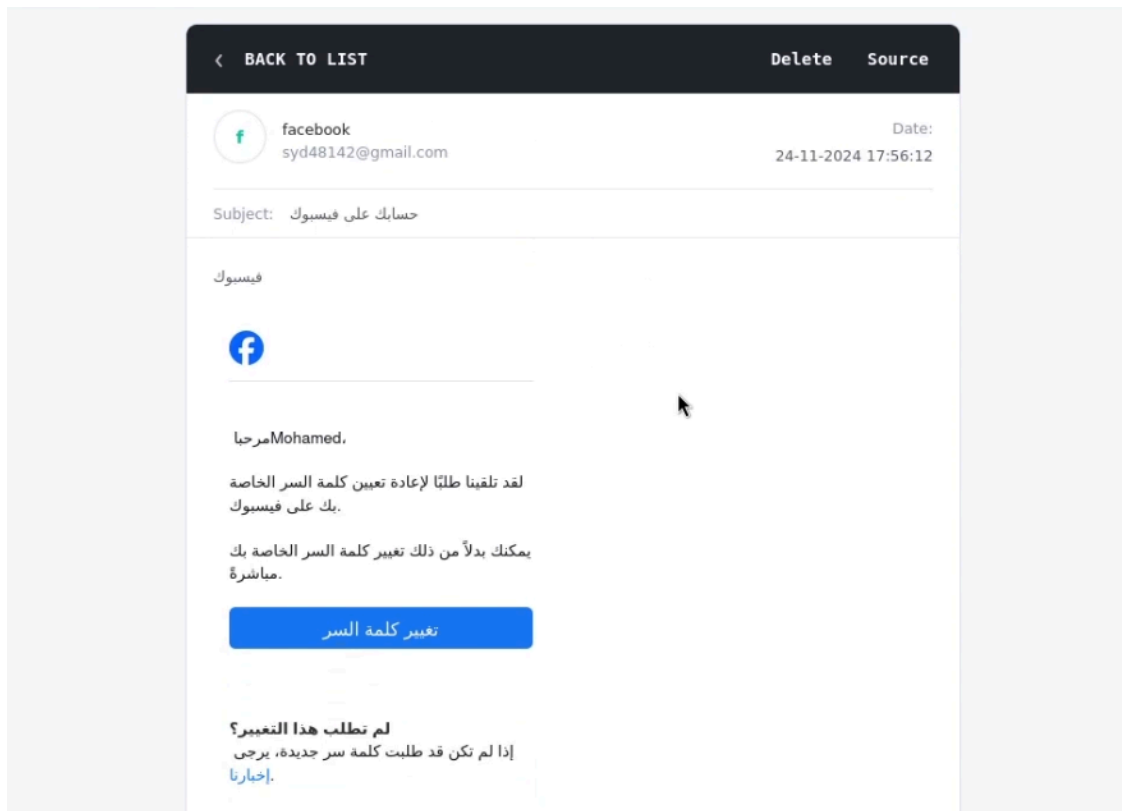

The screenshot shows the Gophish 'New Campaign' form. The left sidebar contains a menu with 'Campaigns' highlighted. The main form has the following fields and elements:

- Name:** A text input field containing 'test' (indicated by red arrow 2).
- Email Template:** A dropdown menu showing 'test' (indicated by red arrow 4).
- Landing Page:** A dropdown menu showing 'test' (indicated by red arrow 4).
- URL:** A text input field containing 'http://127.0.0.1' (indicated by red arrow 3).
- Launch Date:** A date and time picker set to 'November 25th 2024, 1:32 pm'.
- Send Emails By (Optional):** An empty text input field.
- Sending Profile:** A dropdown menu showing 'test' (indicated by red arrow 4).
- Groups:** A text input field containing 'test' (indicated by red arrow 4).
- Buttons:** A 'Close' button and a 'Launch Campaign' button (indicated by red arrow 5).

1. Go to campaign
2. Set the name
3. Set the URL of the landing page
4. Select the email template & landing page & Group and users
5. Save

The Result:

-Email Templates:

-Email Landing page:
